The address of the Company's registered office is PO Box 1350, Clifton House, 75 Fort Street, Grand Cayman KY1-1108, Cayman Islands. The Company's principal place of business in Hong Kong is at Units 1102–1103, 11th Floor, Delta House, No. 3 On Yiu Street, Sha Tin, New Territories, Hong Kong.

The Company is an investment holding company and its subsidiaries are engaging in the provision of property management services to public housing estates owned by and subsidised housing built by the Hong Kong Housing Authority (the "HA") and estates of Home Ownership Scheme ("HOS").

These unaudited condensed consolidated financial statements are presented in Hong Kong dollars ("HK\$") and all values are rounded to the nearest thousand (HK\$'000) except when otherwise indicated.

2. BASIS OF PREPARATION

The unaudited condensed consolidated financial statements for the six months ended 30 June 2020 have been prepared in accordance with all applicable Hong Kong Financial Reporting Standards, Hong Kong Accounting Standards and Interpretations (hereinafter collectively referred to as the "HKFRSs") issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA"), the disclosure requirements of the Hong Kong Companies Ordinance and the GEM Listing Rules.

The unaudited condensed consolidated financial statements have been prepared under historical cost convention, except that investment in an insurance contract is stated at its cash surrender value.

The principal accounting policies adopted in the unaudited condensed consolidated results for the six months ended 30 June 2020 are the same as those adopted in the Group's annual financial statements for the year ended 31 December 2019, except for the new and revised HKFRSs issued by the HKICPA that are adopted for the first time for the current accounting period of the Group as below:

- Amendments to HKAS 1 and HKAS 8, "Definition of material"
- Amendments to HKFRS 3 (Revised), "Definition of a business"
- Conceptual Framework for Financial Reporting 2018

The adoption of these new and revised HKFRSs has had no material effect on the amounts reported in these condensed consolidated results and/or disclosures set out in these condensed consolidated results. The Group has not early adopted any new HKFRSs that have been issued but are not yet effective.

3. SEGMENT INFORMATION

The Group currently operates in one operating segment which is the provision of property management services in Hong Kong. The Group's chief operating decision-maker assesses the performance and allocate resources based on the result for the period for the entire business comprehensively. Accordingly, the Group does not present business segment analysis.

4. ESTIMATES

The preparation of interim financial information requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expenses. Actual results may differ from these estimates.

In preparing this condensed consolidated interim financial information, the significant judgments made by management in applying the Group's accounting policies and the key sources of estimation uncertainty were the same as those that applied to the consolidated financial statements for the year ended 31 December 2019.

5. FINANCIAL RISK MANAGEMENT

5.1 Financial risk factors

The Group's activities expose it to a variety of financial risks: credit risk, interest rate risk, foreign exchange risk, and liquidity risk. The Group's overall risk management programme focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the Group's financial performance. The Group does not use financial derivative to hedge its financial risk exposures.

The condensed consolidated interim financial information does not include all financial risk management information and disclosure required in the annual financial statements, and should be read in conjunction with the Group's annual financial statements as at 31 December 2019.

5.2 Liquidity risk

Compared to year end, there was no material change in the contractual undiscounted cash outflow for financial liabilities.

5.3 Fair value estimation

The carrying amounts of the Group's financial assets, including cash and bank balances, pledged bank deposits, trade and other receivables, retention money receivables and deposits and the Group's financial liabilities, including trade and other payables and borrowings approximate to their fair values. The fair values of financial liabilities for disclosure purposes are estimated by discounting the future contractual cash flows at the current market interest rate that is available to the Group for similar financial instruments.

MANAGEMENT DISCUSSION AND ANALYSIS

Business Review

As at 30 June 2020, the Group's existing property management portfolio comprises 28 public housing estates owned by the Hong Kong Housing Authority ("HA"), 4 HOS estates and 2 standalone service contracts awarded by the HA, under the management of the Group. The Group has completed the contracts in relation to nine public housing estates during the fourth quarter of 2019 and commenced a new contract which comprised of nine public housing estates at the commencement of second quarter of 2020.

The Group's business is mainly focused on property management of public housing and subsidised housing in Hong Kong, contracts of which are normally ranged from 2 to 5 years. It is expected that the impact brought by the COVID-19 pandemic (the "Pandemic") and the anticipated consequential economic downturn in Hong Kong would not be significant to the Group's business. However, the Group would continue to pay attention to the development of the Pandemic and evaluate its impact on the financial position and operating results of the Group. As at the date of this announcement, the Directors were not aware of any material adverse effects on the financial position of the Group as a result of the Pandemic.

Outlook

The property market in Hong Kong has been growing. It is envisaged that the growth of public housing property management services business will expand simultaneously with the development of public housing market in Hong Kong. The Directors are optimistic that the Group will continue to increase its market share and believe that the said opportunities will benefit the Group's business.

This increase was attributable to (i) the additional service fee income from the new contracts of the public housing estates owned by the HA; and (ii) the upward adjustment on service fee for some of the Group's existing contracts in accordance with the adjustment mechanism as stipulated in those contracts.

Employee benefits expenses

The total employee benefits expenses remained stable at approximately HK\$188.5 million for the six months ended 30 June 2020 and approximately HK\$186.5 million for the six months ended 30 June 2019. The other operating expenses amounted to approximately HK\$7.6 million and HK\$9.9 million for the six months ended 30 June 2020 and 2019, respectively. The decrease in other operating expenses was mainly attributable to (i) decrease in various compliance costs; (ii) decrease in insurance and guarantee fee; and (iii) more stringent procedures implemented.

For further details in relation to the other operating expenses, please refer to Note 11 to the unaudited condensed consolidated financial statements.

CONTINGENT LIABILITIES

As at 30 June 2020, the Group had entered into 36 performance bonds with a bank. The aggregate amount of the performance bonds was approximately HK\$95.0 million as at 30 June 2020. As at 30 June 2020, the Directors were not aware of any circumstance which may lead to the exercise of the performance bond and the Directors do not consider it is probable that a claim on the performance bonds will be made against the Group.

In carrying out the ordinary course of business, the Group is subject to the risk of being named as defendant in legal actions, claims and disputes in connection with its business activities. The nature of the legal proceedings initiated against the Company mainly includes claims for compensation by the Group’s existing or former employees for work related injuries. The Group maintains sufficient insurance cover and, in the opinion of the Directors, based on current available evidence, any such existing claims and legal proceedings against the Company have no material financial impact to the Company as at 30 June 2020.

In addition, discretionary bonus is offered to eligible employees by reference to the Group’s results and individual performance.

USE OF PROCEEDS FROM THE LISTING

The net proceeds from the Listing, after deducting listing-related expenses of HK\$25.15 million, were approximately HK\$34.85 million. This amount was lower than the estimated net proceeds of approximately HK\$44.5 million, which was based on a mid-point offer price of HK\$0.34 per share, as disclosed in the Prospectus. In light of the difference between the actual and estimated amount of the net proceeds, the Group has adjusted the use of net proceeds in the same manner and in the same proportion as shown in the Prospectus. Following table illustrates the status of the use of net proceeds according to the section head “Future Plans and Use of Proceeds” in the Prospectus as at 30 June 2020:

Uses of the Net Proceeds	Planned Use of Net Proceeds <i>HK\$ million</i>	Utilised Net Proceeds during the six months ended 30 June 2020 <i>HK\$ million</i>	Utilised Net Proceeds as at 30 June 2020 <i>HK\$ million</i>	Remaining balance of the Net Proceeds as at 30 June 2020 <i>HK\$ million</i>
Satisfying the additional working capital requirement by the Housing Authority and additional cash to be deposit as collateral of the performance bond for tendering for additional property management service contracts from the Housing Authority	25.80	3.95	25.80	–
As additional working capital and satisfying additional cash to be deposited as collateral of the performance bond for tendering for additional stand-alone cleaning or security service contracts from the Housing Authority	9.05	9.05	9.05	–
	<u>34.85</u>	<u>13.00</u>	<u>34.85</u>	<u>–</u>

After 31 December 2019 and as at 30 June 2020, all net proceeds from the Listing have been fully utilised.

Although the Group has endeavoured to adhere to the implementation plan for the use of proceeds as disclosed in the Prospectus by making tenders to the HA periodically, the Group was not awarded by the HA any new property management service contract for public estates during the financial year ended 31 December 2018, which departs from the implementation plan for the use of proceeds as disclosed in the Prospectus. Other than the property management service contracts for public estates, the Group was awarded one property management service contact for the Home Ownership Scheme and one stand-alone security

contract from the URA during the financial year ended 31 December 2018. Since the HA evaluates tenders based on different financial and non-financial considerations, the Directors believed that the Group's failure to tender for the two expected property management service contracts as disclosed in the Prospectus was attributable to the tenders submitted by other market players carrying lower margin out of the expectation of the Directors. The Directors also considered that submitting tenders with exceptionally lower margin would not be in the interest of the Group as it affects the financial performance and position of the Group in the long run.

However, although there is a delay in the use of proceeds, the Company has fully applied the net proceeds from the Listing consistently with manners as set out in the disclosure in the Prospectus during the six months ended 30 June 2020.
